Pre-K's Learning Safari

REMINDERS

- Review letter sounds, sight words, and math pages.
- 100th Day of School on January 30th (*refer to note*)
- Please read to your child nightly.
- Tzedakah is always welcomed.

Ms. Heidi & Ms. Lauren

General Studies

Magnificent, marvelous, magical... these are just some of the adjectives describing Ms. Heidi's Pre K class! We had a lot of fun this week as we discovered magnets, listened to different types of music, colored many objects magenta, made mice and macaroni pictures.

We are rocking in math this week as we continue writing and recognizing the numerals 11-20. We have used base ten blocks to demonstrate that we know and understand the number and we have also compared quantities. We have practiced counting to 100 by ones, fives, and tens in preparation of our 100th day of school on Monday. We are ready!

We are very excited about writing sentences this week. We have remembered that sentences begin with capital letters, end with an end mark, and each word needs its own space. Shabbat Shalom!

Mrs. Adelman

Judaic Studies and Hebrew

New Sight Words

Not Me

Happy Birthday Dory!

We had an exciting week of learning in the Pre-K during Judaic Studies/Hebrew. The Pre-K students learned the letter *Ayin* and made their own *aineim* (eyes) with the actual color of their eyes. They learned how to say the color of their *aineim* in Hebrew. The Pre-K students each made a beautiful *Shulchan Shabbat* (Shabbat Table) and learned about the different things on the Shabbat table. Next week, the Pre-K students will learn the letters *Peh/Fey* and start learning about the upcoming holiday *Tu B'Shvat*. I look forward to another wonderful week of learning with the Pre-K bunch! Shabbat Shalom!
