# Pre-K's Learning Safari

## REMINDERS

- Review letter sounds, sight words, and math pages
- Wednesday, Nov. 23rd is our Thanksgiving Feast and 1 p.m. dismissal!
- Can drive for Second Harvest
- Poster contest for Thanksgiving!
- Please read to your child nightly

## Ms. Heidi & Ms. Lauren *General Studies*

This week the Pre K children have completed many fun filled activities including exploring our letter of the week, "F". We made a fantastic list of "F" words and added words to it each day. We made letter F's out of feathers and also discussed what it means to be a good friend. We are practicing being good friends everyday. We read fabulous books that Mrs. Schlackman shared with us which had the letter "F" in the title: Fairytales, Fall is For Friends, Frogs, Farmer Duck etc.

We continue to learn about numerals 6-10, practice writing the numbers through ten, ordinals numbers, and how to compare numbers. We used blocks, tiles, and bear counters to help us understand the different math concepts that we are learning. We had a fabulous week! Shabbat Shalom! Ms. Heidi

## New Sight Words

Can, It

## "F" is for Friends

## Mrs. Adelman *Judaic Studies and Hebrew*

It was a fun week of learning with the Pre-K during Judaic Studies/Hebrew. This week the Pre-K students learned the letter *yud* - which they were excited to learn is the smallest letter in the Hebrew alphabet - and traced their hands (*yadayim*) for their *yud* project. The really exciting thing that happened this week is that the Pre-K bunch all learned how to write their Hebrew names! I am excited for them to practice writing their names more, and feel comfortable writing their names in Hebrew on all their Hebrew projects and activities. Next week, the Pre-K students will continue to review through songs and games the words and letters we have learned so far this year, and after Thanksgiving the Pre-K students will be learning the letter *Kaf/Khaf*.

Shabbat Shalom and have a wonderful Thanksgiving Holiday.  
Mrs. Adelman
