- * Library books due every Tuesday
- * Read nightly to your child
- * Review letter sounds and math pages
- * Thanks for sending healthy snacks
- * Tzedakah is always welcome

Ms. Heidi *General Studies*

The Pre K's had a terrific week as they explored the letters P-T. We learned fun facts about peacocks, quails, rhinos, seals and tigers. We are almost finished our animal alphabet book. They have done a beautiful job coloring the animals and learning about the animal's habitat.

In math, we have been working on more than and less than. We are comparing different groups and counting by 5's and 10's. We are learning to tell time by the hour and half hour. We have been talking about shapes and discovering many different shapes in our classroom. We will make a shape book next week.

Shabbat Shalom, Ms. Heidi

Mrs. Adelman

Judaic Studies and Hebrew

The Pre-K had a great week in Judaic Studies. The Pre-K bunch learned the letter *Daled* this week and enjoyed their *Daled* project of making a *Delet* (door). The Pre-K students have been enjoying singing the *Alef-Bet* at the beginning of class, in a way that everyone gets a turn to lead a different part. They are learning how to pronounce the letters with more clarity, as they continue learning and singing the song. We also started talking about the upcoming holiday of Rosh Hashanah, and the different things we eat on Rosh Hashanah. Next week, the Pre-K students will be learning the letter *Hay* and learning more about Rosh Hashanah and doing Rosh Hashanah projects. It was a great week with the Pre-K bunch and looking forward to another one!

Shabbat Shalom,
 Mrs. Adelman

Swim Day!

Checking out at the grocery store!
