This Week's Highlights and What's to Come

Reminders & Upcoming Events

*Return to school on Monday January 2nd

*Please remember to send a snack in your child's backpack, not in their lunchbox.

After a great deal of hard work, your children were really proud to show off their talents and style in our Hanukkah program! I was so happy to see so many of you at our wonderful Hanukkah celebration. I hope your children have a very relaxing winter break, and come back ready to work. Our second half of the year will be filled with a great deal of new learning concepts. When we return, in Science we will begin our study of trees, in preparation for Tu B'Shevat in early February. We will be concentrating on their structures, observations, differences, and basic needs. In Reading, we will have only one more Superkid to introduce, and then the series moves at a faster pace with more decoding, comprehension, and reading work ahead. In Math, we will be exploring fractions, tallying, subtraction, and addition. Please continue to work on mastering doubles facts up to 20. Shabbat Shalom!

Sight Words how, where

Hebrew and Judaic News

Dear Parents,

This week we learned about Chanukah. We reviewed the song for Chanukah "Ma Ozur L'shir ati" that they sang at the Chanukah program and "Banu Choshech Lega Rash" with movements that helped them remember the words. We also made a play about the story of Chanukah, how a small group of Macabees beat the large Greek army. The children learned about the objects and food we have during Chanukah. We also practiced the letters they know so far by using them to write Chanukah words. Then, we watched videos of Chanukah and played with dreidles.

Shabbat Shalom and Chanukah Sameach,
Mery Beit Halahmi and Lauren Ungar
