This Week's Highlights and What's to Come

This past week, we have sorted numerous leaves and explored the many properties that can be compared. We have observed the size, shape, texture, and colors of tree leaves. We have also compared the shapes of leaves to common geometric shapes. We are reading and taking dictation daily to strengthen our decoding skills. As we are growing more and more independent in our journal writing skills, we are placing more emphasis on sentence structure. It is always a great idea to reinforce what we have learned in school. Have your child count your coins, tell you what time it is, compare prices at the store, weigh fruit at the grocery, or read the signs while driving. Shabbat Shalom!

Reminders & Upcoming Events

***Monday,**
Jan. 30th—
100th day of
school! Please
send posters
and snacks!

Hebrew and Judaic News

Dear Parents,

This week we learned about the letters “samech” and “fe sofit”.

We learned words beginning with the letters. Samech- “sus”- horse, “sefer”- book, “sandolim”- sandals and sukkot.

Fe sofit: “sof”- end, “nof”- view, “af”- nose, “kof”- monkey.

We saw videos with the words “af” and “sus”, we worked in the centers and the children made their own books and were very excited about making them.

Shabbat Shalom— Mery Beit Halahmi and Lauren Ungar
