This Week's Highlights and What's to Come

This week in Kindergarten, we concentrated on learning about each other through various art projects and circle time discussions. We will continue to learn about our friends next week with our "Me Bags". Next week we will begin to review some of the alphabet letters starting with Mm, Ss, Rr, and Tt. We will spend the next few weeks assessing each student, so we can provide work according to each child's ability. In Science, we will begin to explore wood and paper activities. "Show and Tell" will be each Friday. Shabbat Shalom!

Hebrew and Judaic News

Shalom! The first week of school was great and we got to know each other. We learned the letter "aleph" and how to write our name in Hebrew. We started to get ready for Rosh Hashanah, and learn about the holiday customs. During music with Morah Dahlia, we learned songs for Rosh Hashanah. Next week, we are going to learn the letter "shin" and "bet". There will be art projects and smart board learning.
