Sight Words  
one, come

Thanksgiving has entered into all of our learning activities. When we wrote, we wrote about Thanksgiving. When we read, we read Thanksgiving words. When we solved math problems, they were about Thanksgiving. In Social Studies, you guessed it, it's all about Thanksgiving. Your wonderful children have shared many reasons why they are so thankful and fortunate. Although they may not always express it to you, it was quite evident that they truly felt appreciation in so many ways. I also tried to express how very thankful I am to have such a wonderful group of students to learn from each day.

Next week, we have a short week filled with many more fun Thanksgiving activities. We will conclude with our Thanksgiving feast on Wednesday with a wonderful presentation by all the students. We hope to see you there, and that you will recognize us. We will be the ones that look like turkeys. When we return from our Thanksgiving break, we will be moving on to our next holiday, Hanukkah! Shabbat Shalom!

## Hebrew and Judaic News

Dear Parents,

This week we learned about the letters "chet" and "hei". We learned words beginning with those letters and worked in the centers reading, writing, doing math activities, and coloring "chanukiahs"- the menorah.

We also started to learn the song "mitzvah gedola lihyot besimcha"- it's a big mitzvah to be always happy. As in every week, we learned about the Shabbat and did "kabalat shabbat" together.
