This Week's Highlights and What's to Come

Reminders & Upcoming Events

*Swim days- Sept. 8th, 12th, 15th, 19th and 22nd- please send swimsuit, towel, goggles, and sunscreen

* Please return the form for "Star of the Week"

We had a short, yet action packed week! We have been putting a great deal of emphasis on using good manners that make our friends feel happy. We have been doing more individualized activities during work times, in order to make sure each student is moving along at their own pace. We are preparing to write in our journals using inventive spelling, as to foster the creative spark. Each month we will be drawing our self portraits, so we can track our developing progress. We will begin exploring the Jewish holidays that are quickly approaching. **Please send in 2 different types of apples** for a variety of lessons. These lessons will include graphing, sorting, comparisons, and more. We will need the apples by **next Friday**. Please be on the look out for Mr Growl, he will be sent out on his home adventures very soon. Shabbat Shalom!

Hebrew and Judaic News

This week we learned about the letter tav. We pictured ourselves as the letter tav and learned words begin with tav- tora, tiras, tut, and tarnegol.

We also sang all the songs we learned and saw the children in Israel sing them on youtube.

Shabat Shalom-Mery Beit Halahmi and Lauren Ungar.
